Dear first-year students,

Welcome to the Mozarteum University Salzburg. We are very pleased that you have decided to begin this new, challenging phase of your life here with us.

You are now part of a university that sees itself as a place for artistic encounters and challenges – as diverse and fascinating as art itself. Here you will meet around 2000 fellow students and almost 600 teachers, who together at the two locations of Salzburg and Innsbruck are dedicated to teaching, the development and promotion of the arts, their mediation as well as art university research.

At the beginning of your studies, we would like to provide you with all the support that will make it easier for you to jump over the hurdles: You have already passed the most important one – the entrance exam – with flying colours. The next step is to enrol in the programme, register for the courses and getting to know your new study environment. Please do not forget that the university as well as the city and province of Salzburg offer you a wide range of opportunities alongside your studies, to experience culture and nature, to be active in sports, and to build new connections socially and privately.

This brochure is intended to provide you with a little help for the most important steps for starting your studies. If you have any questions, please do not hesitate to ask our teaching and administrative staff – they will be happy to help you!

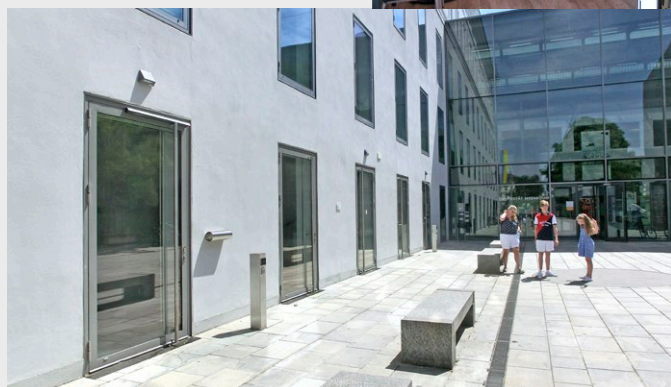

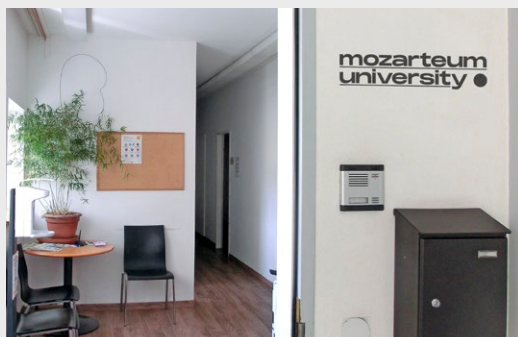

In any case, I would be delighted to welcome you all at our Welcome Day on 11th October 2023 and wish you a good start in advance!

Dr. Mario Kostal
Vice Rector for Teaching

From July to mid-September, the staff of the Course and Examination Management will be at your disposal in their offices, Makartplatz 5, III. floor.

From mid-September and during the semester, counselling and administrative services are provided at the Service Point on the ground floor of the main building, Mirabellplatz 1.

Dear first-year students,

with the positive completion of the entrance examination, you have taken the first big step towards your studies at the Mozarteum University Salzburg. The official entry into student life now follows with your enrolment. This brochure is intended to help you with this and the next steps at the start of your studies.

You will find all kinds of useful information here – from creating an account for MOZonline, the Mozarteum's study administration system, or selecting and registering for courses, to selected tips for student life derived from our everyday advisory service.

It is best to ask your tutors about everyday student life at our university. These are higher-semester fellow students with many years of study experience who will be available from mid-September at the Service Point and from the beginning of October at the departments to answer your questions and provide concrete assistance. This will help you solve the puzzles of the curriculum, implementation guidelines and the first exams much more quickly. The list of tutors is available at the Service Point and at the ÖH.

If you need help with questions about your studies at short notice, we also recommend the FAQs on our website:

www.moz.ac.at/en/study/faq-questions-about-studying

We wish you all the best for the start of your studies

- Mensa discount

In addition, students often get discounts in shops, restaurants, cultural institutions and museums in Salzburg. Whether it's a bar, bakery or cinema: Show your card and ask for a student discount.

- Study planning

E Thoughtful planning of semesters and study sections can contribute decisively to the enjoyment of studying, as no deadlines are overlooked, no unnecessary time pressure arises, and a semester or academic year is not unexpectedly „lost“.

- Step 1:** Study the curriculum carefully (e.g. sometimes there are courses that build on another and have to be completed in a specific order).
- Step 2:** Seek advice (e.g. on the question of whether compulsory courses are offered every semester, only once per academic year or even less frequently). The tutors and departmental secretariats will be happy to help.
- Step 3:** Check the current course offerings in MOZonline.
- Step 4:** Draw up a sensible timetable (with times for rehearsing, studying or writing, but also for the necessary rest, for friends or family, etc.); it is advisable to plan only about 60% of the week as a fixed schedule, to reserve 20% as replacement time for unforeseen events and to leave another 20% completely open.
- Step 5:** Early registration for participation in the desired courses.

- Recognition of examinations/preliminary work

www.moz.ac.at/en/study/faq-questions-about-studying#how-does-the-recognition-of-exams-work

Positively assessed examinations and other academic achievements taken at a recognised post-secondary educational institution as well as activities and qualifications (such as scientific, artistic, and professional activities) are to be recognised pursuant to § 78 UG if there are no significant differences with regard to the competences acquired.

If the examinations, activities, etc. were already completed before the start of the degree programme, **recognition must be applied for by the end of the second semester (!) at the latest.**

For information and forms, please contact the department of the Director of Studies/Bologna Process via MOZmail: <mailto:anerkennung@moz.ac.at>.

It takes 6-8 weeks to check the documents, clarify the situation and to issue the notification of recognition. Notification is made via MOZmail address, and the decision is also stored in the student file in MOZonline.

• Tips for living in Salzburg

In order to make studying an all-round positive experience, things like a suitable living situation, attractive food and sports facilities, opportunities for part-time jobs and exciting events must also be right. On the following pages and at www.moz.ac.at/en/study/ser-vice-support/life-in-salzburg you will find some selected tips.

Still looking for a flat?

Living in Salzburg is expensive! Although this also applies to some extent to the prices of student halls of residence, living in Salzburg is often cheaper this way. Salzburg's student halls of residence are listed here:

www.oeh-salzburg.at/beratung/studierendenheime/

www.studium.at/studentenheime/salzburg

If you haven't found a place in a hall of residence or don't want to live there in the first place, the best place to find a place to stay, apart from the relevant advertisement pages of the Salzburg News, is the flat exchange (**Wohnungsbörsen**) of the ÖH Mozarteum (<https://oeh-mozarteum.at/wohnborse/>) and the ÖH Salzburg (<https://boersen.oeh-salzburg.at/boersen/wohnungsboerse/>). As the offers change several times a day, it is advisable to visit them frequently.

New in Salzburg – Register your residence!

Within the first three days after their arrival in Salzburg, all students must register at the registration office of the city of Salzburg. This also applies to Austrian students who move to Salzburg for the first time and establish their secondary residence here.

Registration Office (Meldeamt), Kiesel Building, Saint-Julien-Straße 20, 4th floor, 5020 Salzburg – open Monday–Thursday 7.30-16.00, Friday 7.30-13.00
Online appointment registration at www.stadt-salzburg.at/meldeservice/

The necessary registration form can be downloaded or obtained from the landlord or the hall of residence. When registering in person, please bring the registration form signed by the landlord and your passport.

Residence regulations for international students

Detailed information for all countries of origin and study programmes can be found on the OeAD website (<https://oead.at/en/to-austria/entry-and-residence>) or at the Austrian Federal Ministry of the Interior (www.bmi.gv.at).

Registration certificate for EU/CH/EEA students

Students from EU/EEA countries or Switzerland who stay in Austria for longer than three months need a registration certificate in addition to the registration form. For this purpose, the student must prove the following:

- admission to a recognised educational institution (confirmation of enrolment from MOZonline)
- comprehensive health insurance cover (e.g. European Health Insurance Card, insurance policy, ...)
- sufficient means of subsistence (declaration of financial means such as Erasmus scholarship, financing by parents, etc.).

The certificate costs € 15,- once and is permanently valid. Those who cannot provide this proof must expect a fine of € 250,- in the event of a police check.

Responsible for this registration is the Magistrat Salzburg, Amt für öffentliche Ordnung, Schwarzstraße 44. When applying, in addition to the fully completed form, you must bring a valid passport or identity card with a copy and the registration form.

The registration certificate form can be found at www.stadt-salzburg.at/meldeservice/.
